

INDIVIDUALS

APPLICATION GUIDELINES

INTRODUCTION

This document sets out the guidelines regarding individuals applications for assistance from WA Charity Direct and the assessment and decision making processes that are used. It includes a copy of the **application form** (Appendix 2) that must be used for all applications.

WHO CAN REQUEST ASSISTANCE FROM WA CHARITY DIRECT?

WA Charity Direct has been approved by the Australian Taxation Office (ATO) as a public fund for the relief of persons in necessitous circumstances but assistance may be provided to any person / family in need without the financial capacity to help themselves.

Further information about the meaning of “**necessitous circumstances**” and examples can be found in Appendix 1.

WA Charity Directs charter only provides for claims for parties who are **permanent residents of Western Australia**.

Preference is given to dealing direct with the potential beneficiary (or parents in the case of children) rather than an agent.

WHAT TYPES OF ASSISTANCE ARE AVAILABLE?

The types of assistance that WA Charity Direct may offer include assistance with the immediate needs of any eligible recipient. It could also cover emergency financial assistance in the case of an unexpected crisis.

All requests for assistance will be considered and assessed according to the information provided by the applicant and other relevant information available.

Assistance is usually always given in the form of goods (i.e. wheelchairs etc) or services (i.e. payment of medical bills etc) rather than cash, depending on the circumstances.

Examples of the type of assistance WA Charity Direct has provided to others can be viewed on the WA Charity Direct website.

MOTOR VEHICLE APPLICATIONS

WA Charity Direct **only** provides assistance to fund motor vehicles, including wheelchair accessible vehicles, in **very exceptional cases** and only to necessitous persons.

Exceptional cases usually mean that there is a **high need** for the vehicle for **regular and ongoing** medical and/or treatment purposes. If successful, vehicles funded are normally reliable second hand vehicles. Amounts funded are also limited and capped.

Proof of insurance of the vehicle will also be required before any funds are released.

Applicants for motor vehicle funding assistance **must complete the motor vehicle additional information form** included in the application form.

Wheelchair accessible vehicles are available from the **Motor Industry Foundations “Wheels For Hope”** programme to eligible applicants.

HOW MUCH CAN I CLAIM?

There is currently no fixed amount that you can apply for, although amounts funded for vehicles is limited and capped. As a guide, examples of the type of goods and services WA Charity Direct has provided others can be viewed on the WA Charity Direct website.

HOW ARE CLAIMS FOR ASSISTANCE MADE?

Claims may be made by completing the WA Charity Direct application form (Appendix 2) and sending it by e-mail or mail to WA Charity Direct (contact details on page 3).

Once received, an application may be accepted, deferred (pending receipt of additional information), or rejected.

Reasons are not given for unsuccessful applications.

HOW ARE CLAIMS ASSESSED?

Each claim will be considered on its merits.

Factors taken into account include the circumstances that have created the necessity, the financial need of the applicant and/or their family, the nature of the emergency and the length of time that assistance will be needed. Additionally, other avenues of help and support available or actively being sought, (for example, other welfare and charity organisations or crowd funding) will be taken into account.

WHAT INFORMATION IS REQUIRED?

As the trustees' duties are quite onerous in respect to establishing necessitous circumstances and the bona fides of each application, supporting documentation verifying the applicant's income, assets, and liabilities and the circumstances leading to and supporting the claim are essential to the process.

Application forms must be completed **in full** and **supporting documentation** provided wherever possible. Additional information such as letters from welfare authorities, medical reports etc should also be provided if relevant to the claim. All information will be treated confidentially.

Additionally, **independent quotes** and/or **independent documentation verifying the amount being claimed must** be included with every application.

This information is required by WA Charity Direct to ensure that it meets its statutory obligations and that all claims are given equal consideration.

If you feel uncomfortable in providing your financial information, supporting documentation and evidence of your position to support your claim you may wish to reconsider requesting assistance of WA Charity Direct.

In almost all cases applicants and their referees will be contacted by telephone by one of the trustees to obtain further information or more detail on the information provided in the application form.

Please be prepared to answer questions of this nature when one of our trustees calls.

Any inconsistencies in the verification of the particulars set out on the application form and the further independent checks undertaken by our trustees usually leads to an unsuccessful claim.

HOW LONG DOES IT TAKE TO PROCESS MY CLAIM?

All applications will be acknowledged on receipt.

Applications are processed as quickly as possible but will be delayed or set aside if the application form is not completed in full or all of the supporting documentation is not included.

Once determined, applicants are immediately advised of the outcome of their claim once a decision is made.

Reasons are not given for unsuccessful applicants.

WHAT HAPPENS IF MY APPLICATION IS SUCESSFUL?

If your claim is successful you will be contacted by WA Charity Directs administrator to arrange receipt of the benefit and to organise promotional photos / material as outlined below.

PROMOTIONAL / INFORMATION SHARING

Part of WA Charity Directs charter is to continually advise its members of the outcome of successful applications and to promote the organisation to the community at large to increase the charity's profile.

This assists us to raise our profile to raise funds to help others.

For successful applicants WA Charity Direct may require photos, letters of appreciation or to use your case / name for promotional purposes and / or for distribution to our members. Details of your case and the beneficiaries name may also be displayed on our website as a record of the people we have assisted.

Appendix 1 DEFINITION OF NECESSITOUS CIRCUMSTANCES

Necessitous circumstances

WA Charity Direct has been approved by the Australian Taxation Office (ATO) as a public fund for the relief of persons in necessitous circumstances.

The following information, which is taken from the ATO publication Gift pack for deductible gift recipients and donors, underpins the assessment process. Further information about the ATO's requirements can be obtained from the ATO website (www.ato.gov.au)

Defining "necessitous circumstances fund"

.. "Necessitous circumstances" means financial necessity not needs generally.
The needs of the sick, incapacitated, aged, etc. will not on their own constitute necessitous circumstances.

.. Necessitous circumstance involves some degree of poverty – where a person's financial resources are insufficient to obtain all that is necessary for modest standard of living in the Australian community.

.. A strong indicator of necessitous circumstances would be eligibility to receive income tested government benefits. Other indicators are health needs (sickness or disability) or family responsibilities.

.. "Necessitous circumstances" is a relative term having regard to a person's particular circumstances. It has no fixed quantitative measure but assumes financial hardship.

In summary, a person is in necessitous circumstances where his or her financial resources are insufficient to obtain all that is necessary, not only for a bare existence, but for modest standard of living in the Australian community. A strong indicator of this would be where a person's level of income is such that they are eligible to receive income tested government benefits. However, this is not a conclusive factor and there may be other circumstances which need to be considered. For example, a person whose income level exceeds the welfare limit but who could demonstrate special or unusual circumstances which resulted in a marked lowering in their standard of living causing hardship, could still be considered to be in necessitous circumstances. The assets, liabilities, family responsibilities, health expensed, etc., of particular persons may cause them to be needy.

Some examples of necessitous circumstances based on ATO cases are listed below.

Example:

While on holidays interstate, Jennifer was seriously injured in a car accident. She is suffering from loneliness and is facing a lengthy stay in hospital before she can return home. A local service club wishes to raise funds to fly Jennifer's mother to comfort her daughter.

Jennifer's needs are not financial in nature. The fund is not a necessitous circumstances fund.

Example:

Geoff is 17 years old and was permanently incapacitated while playing football. He will require 24-hour care for the rest of his life. He was not insured and his parents cannot meet the costs. The local community wishes to set up an appeal fund for Geoff. The money raised will be used to pay for necessary modifications to his parents' home and for the services of a carer.

The fund will be a necessitous circumstances fund.

Example:

During recent floods, three volunteer workers were killed while carrying out a rescue. None of the three volunteers had any financial dependants.

A fund to give money to the volunteers' families would not be a necessitous circumstances fund.

INDIVIDUALS APPLICATION FORM

All sections of the form must be completed **in full**.

Incomplete forms will not be considered for assistance, but referred back to the applicant for completion. All information in this form will be treated as **confidential**.
